1. Purpose of the plan

This plan examines potential risks and issues that could cause disruption to the management and administration of the exam process at TPLT Secondary Schools. By outlining actions/procedures to be invoked in case of disruption it is intended to mitigate the impact these disruptions have on our exam process.

Alongside internal processes, this plan is informed by scenarios contained in the *Joint contingency plan in the event of widespread disruption to the examination system in England, Wales and Northern Ireland*.

This plan complies with JCQ general regulations (section 5) in that:

It is the responsibility of the Head of Centre to “*have in place a written examination contingency plan/examinations policy which covers all aspects of examination administration. This will allow members of the senior leadership team to have a robust contingency plan in place, minimising risk to examination administration, should the examinations officer be absent at a crucial stage of the examination cycle;*”

Appendix 2

Policy for Severe Disruption/Evacuation during External Examinations

Possible Causes

- Unreasonable noise disruption
- Fire/Bomb/Flood Alert during an Examination

Unreasonable noise disruption

In the event of a severe disruption in an externally set examination, invigilators are advised to stop the examination, tell the candidates to close their answer books, make a note of the time and summon help (Exams Officer/Leadership Team) to sort out the problem. Exam room conditions must be maintained.

When the disruption has been resolved the candidates can resume their examination and the time taken to resolve the issue added on at the end of the examinations. The candidates must be supervised at all times and thus the break in the examination can be regarded as 'a supervised rest break'.

An incident log (Appendix 3) must be completed with the times of the disruptions noted. The Exams Officer to make Examining Bodies aware of the disruption if necessary.

Fire/Bomb/Flood Alert during an Examination

In the event of a fire alarm or bomb alert sounding (or any other emergency situation arising) during an examination, the first priority of the invigilators is to preserve life. The next priority is to ensure the security of the examination.

If the emergency is over quickly, the candidates should resume the examination. A careful note of the time of resumption must be noted and the full time allocated for the examination given to complete the examination, ignoring the interruption.

An incident log (Appendix 3) must be completed with the times of the disruptions noted. and a special consideration form will be filled in so as not to disadvantage the candidates.

Procedure for Emergency Evacuation from an Examination

If it is necessary to evacuate the building, the lead invigilator should then stop the examination taking a note of the time and evacuate the building by row and in silence. The candidates must leave all examination papers, scripts and writing equipment behind, and in accordance with the school emergency evacuation procedures. The candidates should remain supervised and in silence throughout the emergency. Several other members of staff will be needed to help police this.

In the event of emergency requiring candidates to evacuate buildings during an examination, the following area should be used but the candidates must be kept at a distance and in silence from the main body of pupils.

WCSA - Huts and field to the side of SRB centre

PCSA – Tennis Courts at the back of the school

TKASA – Whole year group exams to their usual muster point at the rear of F block, registered by tutor team and monitored by invigilating staff. Part year group exams to the front of A block by 1610 parking spaces, key pastoral staff to assist in registration.

Invigilators should refer to the plan in the invigilators box as to correct route to the site.

At all times invigilators must act in accordance with section 16 of the 'Instructions for conducting examination' booklet. They should also summon assistance immediately an emergency arises. Silence should be maintained during the time the candidates are outside the examination room.

Section 16 of 'Instructions for conducting examination' booklet states:

The invigilator must take the following action in an emergency such as a fire alarm or a bomb alert.

- Stop the candidates from writing.
- Collect the attendance register and evacuate the examination room in line with the instructions given by the appropriate authority.
- Advise candidates to leave all question papers and scripts in the examination room
- Candidates should leave the room in silence.
- Make sure that the candidates are supervised as closely as possible while they are out of the examination room to make sure there is no discussion about the examination. Make a note of the time of the interruption and how long it lasted.
- Allow the candidates the full working time set for the examination.
- If there are only a few candidates, consider the possibility of taking the candidates (with question papers and scripts) to another place to finish the examination.
- Make a full report of the incident and the action taken (Appendix 3), and send to the relevant awarding body.
